JCE Licenses, LLC  
Special Temporary Authority (STA)

Dear Counsel:

This is in reference to the request filed July 30, 2008, on behalf of JCE Licenses, LLC ("JCE"). JCE requests a further extension of the special temporary authority ("STA") originally granted on October 1, 1992, to operate Station WMEN (formerly WJNA) with increased power in order to mitigate continued severe interference received from a Cuban station. In support of the request for extension, JCE states that the Cuban interference continues unabated.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WMEN may continue to operate with increased power to overcome the effects of Cuban interference. The STA operating parameters remain the same as specified in our letter dated March 12, 1998. This authority is subject to termination upon reduction of power or cessation of operation by the Cuban operation, or upon Commission instruction to WMEN to return to the presently licensed (BL-870421AK) operating specifications.

This authority expires on **November 28, 2009**.

Sincerely,

Charles N. Miller, Engineer
